DISCLOSURES

The Critical Care Canada Forum (CCCF) has a formal policy requiring all authors and presenters to inform attendees of any potential conflicts of interest (COI). All potential COI that we are aware of are disclosed below.

1. Do you have an actual or potential conflict of interest in relation to this program?
2. "Off-Label": Will you discuss or describe in your presentation at the meeting the investigational or unlabelled use of a medical device, product, or pharmaceutical that is classified by Health Canada as investigational for the intended use. (If you will discuss or describe "off-label" products, you are responsible for disclosing this information to the audience at the beginning of your presentation.)
3. Over the past five (5) years, I have or had financial interest, arrangement or affiliation with one or more organizations, including for-profit and not-for-profit, that could be perceived as a related or apparent conflict of interest in the context of the subject of this presentation.
